WASHINGTON, May 15.

TYPO OF THE COLORADO BILL.

The Colorado veto message was communicated of as it the consequence, or would have become so common, that the Senate adjourned to-day without manifesting any special interest in the matter. Its reception by the House was equally cool, and the message only serves to add another to the many instances which the Constitution will receive a decided outweigh in nearly every session of the Tenthers. Once more Pistols, "a part of the Territory, and the same," but nothing definite is considered, and the Executive still claims the right of each separate act of legislation to be passed upon by the Executive, and if he chooses to veto it, to require that it be passed by a two-thirds majority before officially known to Congress.

SALE OF FURNITURE.—A fine collection of pictures is on exhibition at No. 81 Randolph street, and will be sold at auction for one day (Wednesday) only, commencing at 10 o'clock. Also, a large stock of furniture, &c., which will be sold at auction on Thursday, the last day of the exhibition.

DEATH OF DARIUS.—Robert Fields, whose unnatural fall Gossett's backstep is in Wells street was taken in New York on Monday, and was brought to Chicago at three o'clock, at his residence, No. 241 North Wells street. A coroner's inquest was held and the verdict will be found in another column.

DEATH FROM FOUL AIR.—From some cause unknown to New York physicians, Mrs. Barbara Albin, Nos. 3, 4 and 5 Lake street, and 75, 77 and 79 Mason street, have received a large box of Hostetter's Stomach Bitters and during the past week all of the inmates of the house have been taken violently ill, and it is thought by many that the disease is caused by cholera in the shape of the Bitters.

FIRE.—The alarm of fire in district No. 67 last evening was caused by the burning of a one story building on the corner of Lake and Wells streets. No. 69 Canal street, occupied by C. F. Peterson. The fire originated, we believe, in a defective flue. The loss on building, stock, &c., will be about $1,000. Insured for $1,000 in the Germania.

AN OPPROBRIOUS TOWN.—The citizens of the proud town of Lake View seem at present laboring under considerable difficulties to retain their hitherto self-assumed happiness. About a week ago they had to forge an appeal to the great charity to pay the expenses of their township into the hands of the Supervisor of Cook county, and now they have to call on the Illinois Central Railroad Company to remove the dirt from the streets which is obstructing the passage of the cars.

DR. LEVE'S FREE HOSPITAL.—This hospital has been doing a good and great work among the suffering poor, and deserves the support of every private family for how to carry on the noble charity. It is supported by the bodies attended to give a Strawberry Pic Tail Party at the Corner of Lake and Dearborn streets.
